Rob Szumski

Richmond, VA / 804-•••-•••• / rob@•••••••••••••com

Product leader with a passion for taming technical systems through ambitious strategy balanced with pragmatic execution.

I've led teams building in the cloud infra and security spaces, always building on tip-of-the-spear technologies to unlock new capabilities while removing complexity for developers.

FOSSA Richmond, VA	**Head of R&D** July 2025 – present *Lead a product group focused on bringing new products to market, including EdgeBit tech* FOSSA acquired EdgeBit in July of 2025
EdgeBit Richmond, VA	**Founder/CEO** Sept 2022 – July 2025 • 2yr, 11mos • *acquired by FOSSA* *Built an innovative AppSec product, raised VC Seed round, accepted into Y Combinator Winter 23* EdgeBit is an AppSec platform that keeps codebases up-to-date by connecting runtime and build-time reachability. We built EdgeBit SCA prioritized by runtime reachability and Dependency Autofix to automatically fix security issues, identify breaking changes and eliminate risk from dependency updates.
